Abstract

The Term of Criticism and Rhetoric at the Work of Ibn Abi Al-Asba'a Al-Masri

Amar Abdulqader Abu Amer

Mu'tah University, 2009

This study aimed at studying the eloquent and critical terms until the end of the seventh Hijri century. It shed light on Abi Al-Asba'a with Dhiya'a Addin bin Al-Atheer who lived in the same period represented the egiptian school of linguistics whose characteristics were best well-known during the seventh Hijri century. One of the most popular characteristics for the school was being away, to a great extent, from the abstract philosophical views which had long corrupted the eloquent studies. Instead, it focus on the holey Quran and the poetic texts . Abi Al-Asba'a was able to connect the contemporary studies of eloquence with previous findings in his publishments in addition to the wonderful world of the eloquence of the holey Quran . This study consisted of an introduction and three chapters.

In the introduction , I discussed why this study was so important to be conducted; I explored the most important previous studies and publishments. I clarified my own method of research, linguistically, idiomatically, historicalle, eloquently, critically, descriptvely, and some times, analytically. I took into my account the chronological order for the authors .
